Dear Parent/Guardian:

Welcome to the Universal Pre-Kindergarten Program!

Before your child begins UPK, New York State Public Health Law 2164 requires that all children entering school in New York State must be immunized against certain communicable diseases. Immunization records must be received prior to the start of the UPK program. The submitted proof of immunizations may be obtained from the child's pediatrician. Baby books, unless physician signed, are no longer acceptable as proof of vaccination.

In addition to vaccinations, New York State Law also requires the parent/guardian of any child entering a Pre-Kindergarten program to provide the school district with a report of a medical examination, signed by a licensed health care provider. This exam must be current and not done more than twelve months prior to the commencement of the school year. Proof of lead testing and a dental health certificate containing a report of a comprehensive dental examination are also required.

Thank you!

NYSED requires an annual physical exam for new entrants, students in Grades K, 2, 4, 7 and 10, sports, working permits and triennially for the Committee on Special Education (CSE).

Dental Health Certificate

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.		
I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.
